iWIP NEWSLETTER

Issue 1, September 2013

Academic Medical Center
University of Amsterdam

Dear iWIP Collaborators!

We are happy to deliver the first edition of the iWIP project Newsletter. We are now in the seventh month of the project. To-date we have received 21 data sets bringing our sample size to over 4,500 patients. We are expecting four more data sets to follow from Canada and the US anytime now!

On the behalf of the iWIP team we would like to welcome our latest collaborator, Ms Beth Lopez from Metro Health Medical Centre in Cleveland, Ohio.

Prof Tracy Roberts and her Health Economics team (University of Birmingham) have now joined the project.

Where are we with the project?

➤ Database

First step of the database set up is completed. All collaborators have received their login details and can access the database to see available variables across the datasets.

➤ Webpage

The webpage is available under following address:

<https://kamolo.org.ar/iwipid/index.asp>

Our fabulous IT team in Argentina is currently working on adding on all the details which you kindly provided. For those of you who have not yet sent a short bio or unit logo or would like to change anything in the text provided please contact Ewelina.

➤ Social media

We are in process of setting up a discussion group on LinkedIn, as a communication and information platform for the iWIP collaborators

➤ Forthcoming submissions

Submission of the protocol to The Lancet
